## Auditors' Report.

---

While it has been customary in this town to audit only the Treasurer's account, we have this year notified all officers and agents of the town to present their accounts for examination, and wish to say that all but two have been presented.

We recommend that the Selectmen furnish the officers and agents with necessary paper and blanks, then require all to use them and furnish all reports in proper shape to be printed and audited; also that all Highway Agents furnish an itemized account to the Auditors, but only a statement of the account to be printed.

GEORGE B. SHAW, }  
CHARLES W. TILTON, } Auditors.

## Report of Tree Warden.

---

Owing to a delay in receiving the tags to mark the shade trees, and not having a sufficient amount of money, but very little work has been done.

In tagging the trees it was thought best to tag all trees that were likely to be wanted for public trees, as it is better to remove some tags than to try and replace the trees after they have been cut. Some tags have been removed by people who had no right to do so, and some trees have been cut. People who would do this should be fined according to law. About six hundred tags are on hand, and I would recommend an appropriation be made to finish up the work this year.

GEORGE B. SHAW, Tree Warden.

## Report of the School Board.

---

The School Board submits the following report for the year of 1903 :

The amount of money available for school purposes was sufficient to continue the schools thirty-five weeks.

This year the East and West schools were united, making only two schools in town.

The School Board thought it best to retain two of our former teachers, Miss Smith at the North school and Mrs. Hodgdon at the West school.

All that was said of their work in our last report is equally true this year.

They have worked faithfully and with gratifying results.

This year the spelling books and geographies have been changed and are proving satisfactory.

It is hoped new readers will be placed in the schools the coming year, also new maps, as the schools are without maps or charts for the study of geography.
